Matelassé Coverlets & Shams

By its very nature, Matelassé will shrink when washed. Sometimes this shrinkage can be as much as 10%. Shrinkage is an unavoidable part of the cleaning process. Fortunately, Blanc Plume has the expertise and equipment to restore items to very near their original dimensions**. In the spaces below, please provide the information requested about original size.

Blanc Plume Price List - Page 3

We accomplish this restoration by a very specialized process of hand blocking and air-drying. Also, we can usually restore items that have been previously damaged by improper care. Scalloped and/or flanged items may incur an additional charge. ****You can contact the manufacturer to get actual finished sizes or call us at 800-307-0229.**

StainGard™ - Many items can be water and stain protected. Please check items wanted.

Specialty Items, Gowns & Clothing

Blanc Plume is a division of Arrow Fabricare, the nationally recognized leader in providing specialty care for all types of garments and household items. Delicate items, such as evening gowns, cocktail or party dresses, suits, silks, cashmeres and other 'hard to care for' textiles, are cleaned exquisitely by Arrow's state-of-the-art processes. If you are unsure of cleanability, upon your request, Arrow will carefully evaluate your garment and will provide a quote before cleaning. We want to satisfy, so be sure to complete "Special Instructions."

Pillow / Comforter / Featherbed Comfort Adjustment & Restoration

Your pillow will be sanitized and your fill will be placed in a brand new shell. Our pillow shells are high thread count, silky smooth cotton and are the same kind used in fine retail stores. You can have fill removed from or added to your current pillow or to a new pillow. Select your fill preference and we will add the correct amount of European white goose down and/or feathers based on your choice.

Comforters & Featherbeds Comfort Adjustment & Restoration

If your comforter or featherbed is an open construction model (meaning the down moves throughout inside the comforter) we can add or remove down. Select your fill preference and we will add the correct amount of European down or feathers.

All comfort adjustment, restoration and repair work done will incur an hourly fee. Old shells will be returned upon request. Comfort adjustment and restoration pricing does not include laundering and finishing services.
